1 The Court, having considered the Indirect Purchaser Plaintiffs' ("IPPs") Administrative  
2 Motion for Approval of Procedures and Costs for Processing "Bot" Claims (the "Motion"), the  
3 supporting materials and other papers on file in this action, and the statements of counsel and the  
4 parties, and finding good cause appearing, hereby GRANTS the Motion as follows:

5 1. The Court approves IPPs' proposed claim verification process to identify and  
6 eliminate fraudulent, bot-generated claims, as set forth in the Declaration of Joseph M. Fisher Re:  
7 Mitsubishi Electric Claims Processing and Recommendation for Claim Verification filed in  
8 support of the Motion.

9 2. The Court approves the Settlement Administrator's fees and costs of \$36,640.98 to  
10 develop the claim verification program as reasonable and necessary to protect the Mitsubishi  
11 Electric Settlement funds from fraudulent bot claims and authorizes the payment of this amount to  
12 the Settlement Administrator from the Mitsubishi Electric Settlement funds.

13 3. The Court approves the projected additional cost of the claim verification process  
14 as reasonable and necessary to protect the Mitsubishi Electric Settlement funds from fraudulent  
15 bot claims and approves the payment of up to \$100,000 to the Settlement Administrator to  
16 implement that process.

17 4. Claims received from email addresses identified as not sendable by the Settlement  
18 Administrator are deemed invalid without the need to send a verification notice.
